BESPOKE WEDDING MACARON TOWERS

An exquisite edible centerpiece designed to elevate your celebration.

Each tower is thoughtfully created to complement your wedding aesthetic. You may select your bespoke color palette, refined premium flavors, and the perfect number of macarons to suit your guest count and desired statement size.

Every macaron is artisan-crafted in small batches and adorned with delicate, handmade marshmallow flowers — ensuring that every detail is beautifully edible.

On your wedding day, your tower is personally delivered and professionally assembled on site for a flawless, couture-level presentation. A one-of-a-kind macaron tower, individually designed for each wedding.

Only a limited number of wedding towers are accepted to guarantee exclusivity and meticulous attention to detail.

OUR DESIGN PROCESS

01. CONSULTATION

Your experience begins with a personal consultation via phone or email at your convenience.

We discuss your vision and carefully select the ideal tower size, color palette, macaron flavors, the decorating marshmallow flowers and overall style to harmonize beautifully with your wedding aesthetic.

02. RESERVATION & AGREEMENT

Once your design is finalized, a formal agreement is prepared to secure your date.

A 50% non-refundable retainer is required upon signing to confirm your booking and reserve your exclusive production slot.

The remaining balance is kindly due one week prior to your wedding day.

03. WEDDING DAY DELIVERY & ASSEMBLY

On your wedding day, your tower is personally delivered to ensure impeccable freshness.

Professional on-site assembly guarantees a flawless, couture-level presentation.
